Washington Destination Imagination
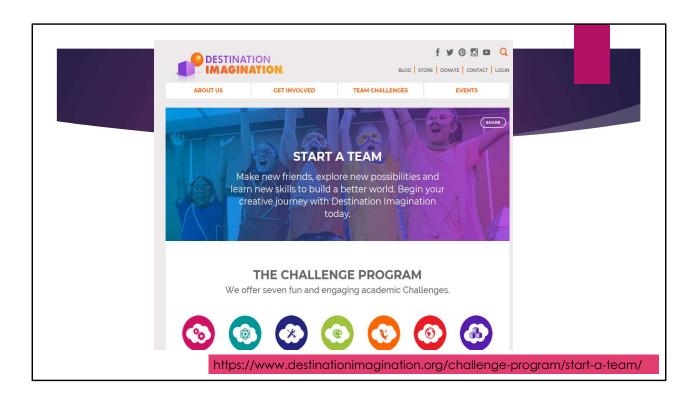

TOURNAMENT REGISTRATION

Hello! Welcome to Washington DI.

We hope your teams are having a fantastic time developing their creative solutions!
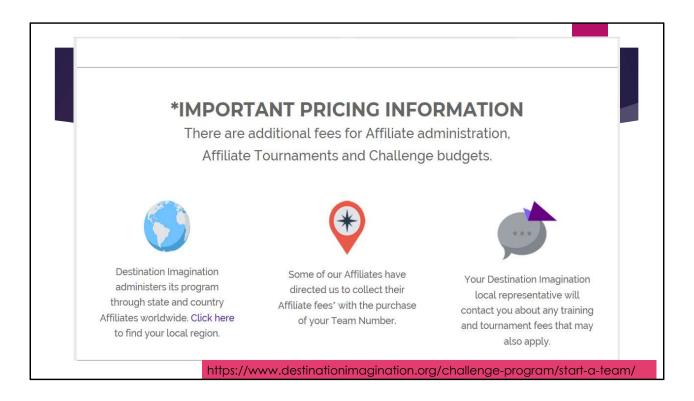

In order for your teams to demonstrate their solutions at a tournament, your next step is to register for the tournament.
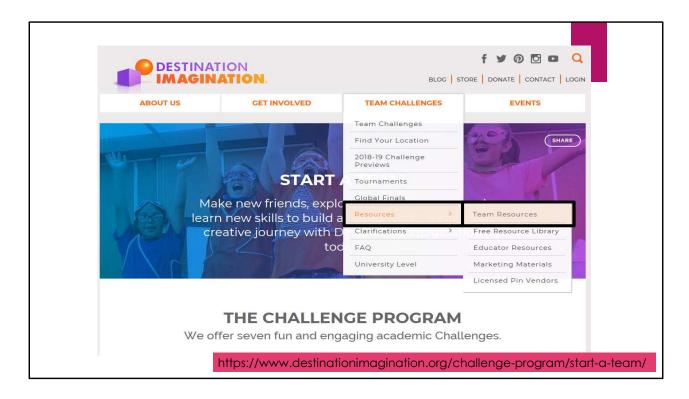

https://www.destinationimagination.org/challenge-program/start-a-team/

Your first question might be, didn't I already do that when I purchased the program from [Destination Imagination](#)?

The purchase from Destination Imagination gives you a team number, a digital copy of the challenge, rules of the road, and other materials in the DI Resources page to support your team.

*IMPORTANT PRICING INFORMATION

There are additional fees for Affiliate administration, Affiliate Tournaments and Challenge budgets.

Destination Imagination administers its program through state and country Affiliates worldwide. Click here to find your local region.

Some of our Affiliates have directed us to collect their Affiliate fees* with the purchase of your Team Number.

Your Destination Imagination local representative will contact you about any training and tournament fees that may also apply.

https://www.destinationimagination.org/challenge-program/start-a-team/

However the fee from Destination Imagination does not include the Washington Affiliate Tournament fees. All teams are invited to participate in a regional tournament. Selected teams are invited to then participate in an Affiliate or state tournament. And finally, selected teams from that tournament, are invited to participate at global finals. Each tournament your team participates in has a separate tournament fee.

https://www.destinationimagination.org/challenge-program/start-a-team/

As part of your Destination Imagination membership, you have access to the Team Resource page from the Destination Imagination Team Challenges menu.

https://www.destinationimagination.org/challenge-program/team-resources/

The resource area includes your team challenges, sample instant challenges, and resource to help you manage your team.

It is also the first step in registering for a tournament.

https://resources.destinationimagination.org/resources.php/auth/login

Our first step is to log in to the DI resources page. If you are a returning to DI, you can use the same user-id and password as before. Please use the forgot password feature if you don't remember your password.
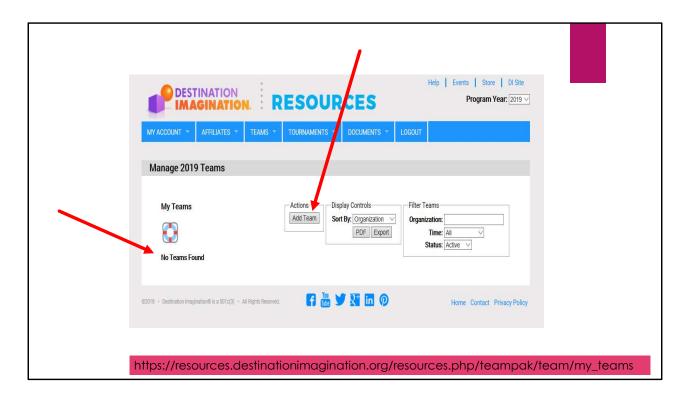

If this is your first time in DI, use the Create New Account feature.

https://resources.destinationimagination.org/resources.php

After you log on, you should see a variety of menus. Your menus may be a little different than mine.

To view your challenges and other resources, you'll go to the Documents tab. But to register for a tournament, you'll go to the Teams menu and then pick My Teams.

https://resources.destinationimagination.org/resources.php/teampak/team/my_teams

If your team coordinator already assigned you to a team, you'll see your team listed when you go to My Teams. Or, like me, the resources page reports no teams found for my user. If that is what you see, click on 'Add Team'

When you click on 'Add a team', you'll get this screen.
Claim your team by entering your team number provided by your coordinator and follow
the DI instructions to add yourself as a Team Manager

When you are associated with a team, you'll see them listed like this.
Select your Team to edit it by clicking on the modify pencil

1. First thing you'll notice is the team number. Washington State DI Team numbers always begin with 147. If your number doesn't start with a 147, please contact DI 1-888-321-1503 from 6AM to 2PM or via email at AskDI@dihq.org
2. The second thing to note is the organization and location. These fields are filled out by DI when the team number is purchased. You can update these fields up until the time registration closes. Location is used by the Affiliate Director to determine your tournament region. If you change your location, please notify the Affiliate Director at director@wa-di.org.
3. Your region is defined by the Affiliate Director.

Eastern Region
All teams located east of the Cascade Mountains and Skamania County.

North Sound Region
All teams located in Whatcom, Skagit, Snohomish, San Juan, and Island Counties, as well as some teams from King County, including those from Redmond.

Central Sound Region
Some teams located in King County, including those in the Bellevue area.

South Sound Region
All teams located in Clark, Cowlitz, Wahkiakum, Pacific, Thurston, and Pierce Counties, as well as some teams from King County, including those from Mercer Island.

Olympic Region
All teams located in Clallam, Jefferson, Mason, Grays Harbor, and Kitsap Counties.

https://www.wa-di.org/regions--events.html

There are 5 regions. The Affiliate Director uses the Location field to assign your team to a region. Each region has a regional tournament. The regional tournaments are usually spread over 2 to 3 weekends in late February and early March. If your team has a scheduling conflict with your regional tournament, please contact the Affiliate Director. Space allowing, we will help you move a tournament that occurs on a weekend that avoids the conflict. You can find information about each region from the Washington DI web page noted.

The next step is to add a Team Name. This is an optional choice but most teams select a name. This name can be different than your organization's name. Many teams have fun creating unique and creative names for their team.

 You can change the team name until registration is closed.

To view your challenge materials, select your challenge. You can change this choice. When you finalize your choice, check the box as your chosen challenge. Checking the box will help us to know you've picked your challenge and are not still evaluating the challenges. This choice needs to be finalized before the registration due date.

The next step is to enter your competition level. There are rules that define your competition level in the Rules of the Road.

The rules of the road are found in the Documents menu, in the challenge materials section

5. When choosing to determine competition level by grade (U.S.), use the chart on the next page. If you do not

EACH team's competition level is set by the team member age OR grade level

Review the Rules of the Road Competition Level section to identify your team's competition level. Each team chooses their competition level based on the age OR grade level of the team members. A school name that includes the word 'elementary' may or may not compete at the elementary level. Make sure you evaluate each team individually to make sure they are competing at the right level.

The name of your coordinator is entered by DI when the membership was purchased. If you have a coordinator that is different than the person who purchased the membership, you can change it. The coordinator generally receives all communications we send to team managers.

Since you claimed your team, you should see your name here. You should add any other team managers here as well. At least one team manager who accompanies the team to the tournament must be listed here.

The team manager should enter the names of the team members here. This list is primarily used by global finals. You can register for a regional tournament without completing the Team member section here.

The last step in DI Resources is to make sure you hit SAVE before you leave this page. Your changes will not be retained if you don't!

Next Step:
Register Your Team

for a tournament

You've done a lot of data entry, but you're still not registered for a tournament. The good thing is, some of the information you just entered will be automatically entered into the next step for you.

The first step in registering for a tournament in Washington is to log in at Register Your Team.org. The website is https://ryt.destinationimagination.org.   While this web page is different than the web site used for DI Resources, the two web sites are linked. Log in using the same user-id and password that you used to log in to DI Resources.

Tournament scheduling requests

Tournament scheduling is highly complex!

Teams should plan to be at the tournament all day.

https://ryt.destinationimagination.org/

⚠ Registration Questions

Scheduling the tournament is a very complex process. We will do our best to meet any scheduling requests. Please answer these questions to the best of your ability.

Do you have a team member on more than one team. If so, please identify the team numbers.

Do you manage more than one team? If so, please identify the team numbers so we can make sure to schedule those teams at different times.

Redo this screen shot for 2nd question

Do you or any of your team members have children / siblings also competing at this tournament? If so, please identify the team number.

Please identify any other scheduling concerns.

Submit Answers

The next section called 'Registration Questions' is associated with special requests for tournament scheduling. Tournament scheduling is a highly complex process. We attempt to meet special requests. However, it is not always possible. A request for your team to compete at a particular time impacts all of the teams in your team challenge and division. It can also impact the number of volunteers required to manage the tournament. All teams should expect their tournament experience to last all day.

The next section is for Team Managers.

Make sure all of your team managers are listed in this section. If they aren't here, return to DI Resources to add missing managers.

Next, EACH team manager must log in to Register Your Team and click on the 'Fill out paperwork' button.

Team Manager Paperwork

Beginning in 2018-19 season , all team managers must have a background check.

Please see our Child Protection Policy at

https://www.wa-di.org/background-checks.html

How many years have you been a team manager?	○ 1st year
	○ 2-4 years
	○ 5-7 years
	○ 8-10 years
	○ 11 or more years

Background checks are required for all team managers in accordance with Washington DI policy. Please select one of the following options related to your background check

○ I am a current Washington State Teacher. A copy of my current district ID has been emailed to director@wa-di.org

○ I am a volunteer at a Washington State school district that requires volunteer background checks. Clearance documentation has been emailed to Director@wa-di.org

○ I have obtained a Verified Volunteer background check

Please enter Teacher License number or background reference check number

The majority of our team manager communications occur via email. If you would like us to contact you via text message, please enter your cell phone number here.

Volunteer Agreement   Please read this agreement and indicate your acceptance below. (A copy will be e-mailed to the address you provided above for your records.)

Code of Conduct

Thank you for volunteering with Destination Imagination, Inc. (DII). We are excited you have given your personal time to assist with running our program, so students have the opportunity to learn and experience the creative process from imagination to innovation.

Our primary participants are teams that consist of young people, and we want to ensure they have the most positive experience possible while involved in the Destination Imagination programs and showcasing their solutions. As such, we expect our volunteers to conduct themselves in a manner that positively represents our organization. Integrity

The Team Manager paperwork includes a number of questions and requires you to complete the Code of Conduct. UPDATE FOR BACKGROUND CHECK

Children names entered in DI Resources page represent the team manager's identification of team members.

Children entered in the Register Your Team web site represent children with parent permission.

We use the Register Your Team student listing for tournament materials.

The next section is associated with Team members.

Team Member names do not transfer from DI Resources to Register Your Team. DI Resource represents the team manager's identification of team members. RegisterYourTeam represents those team members with parent permission.

The parents of each Team Member must complete their permission by responding to a survey that you will email to them. When you click on the 'Add Team Members' button, it provides you an 'Adding a Team Member link'. Copy that link and send it to the team member's parents.

In DI, team members are not the only ones solving instant challenges! Team manager's get instant challenges throughout the year. These are some common challenges team manager's experience around registering students for the tournament.

Team Manager Instant Challenges

Challenge: Parent already completed a permission slip to participate in DI. Can the Team Manager enter the parent information from that?

Recommendation: No. Your permission slip grants permission to you and does not extend to Washington DI.

Challenge: One of the children has dropped out.

Recommendation: Include that child on your Declaration of Independence forms but do not add the child to RegisterYourTeam. Leave the child in the DI Resources list of team members.

Here are some more Team manager instant challenges and ideas to address the challenge.

Appraiser Volunteers

Washington DI tournaments would not exist without the wonderful volunteerism of people just like you!

Each team is required to identify a volunteer to represent their team.

The appraiser volunteer is trained to officiate this tournament. It's fun and rewarding, and requires no specific experience or expertise.

Each team is required to provide at least 1 appraiser. More than 1 appraiser is fantastic!

Appraiser Volunteers

Appraiser volunteers are required to commitment to attend the training day and all day at the tournament.

Parent and grandparent volunteers will not be able to watch their own child's performance. They will be too busy appraising someone else's child!

DI rules require that your appraiser volunteer must be 18 or older and be out of high school.

Appraiser Volunteers

⚠ **Appraiser Volunteers**   Incomplete
Your team **is required** to provide at least 1 Appraiser Volunteer for the tournament. If the team is unable to meet this requirement, it must pay a fee of $250.00 per missing Appraiser. Details...

Appraiser #1

+ Add Appraisers

Tip! Start this early! This is often the most difficult step for team managers to complete before the registration due date

The next section in RegisterYourTeam is for appraiser volunteers.

The appraiser must complete the appraiser section. This is how they agree that they are available for the tournament AND training. This is how we communicate our expectations to them.

Make sure you have an appraiser you and we can rely on. It is very difficult to find and train appraisers after our appraising teams have been formed and trained. There is a $250 fee if you don't provide an appraiser and this fee will be charged if your appraiser doesn't come for the training and tournament.

Please don't encourage an appraiser to sign up if they aren't sure. Changes to your appraiser name after registration closes will trigger the late registration fee of $100. We work hard to balance appraisal teams and changes to appraisers impact this balance and causes extra work to our tournament officials who are also volunteers.

To sign up an appraiser, click on the 'Add appraiser' button

Appraiser Sign Up

Adding a Appraiser

Add Appraisers by asking **each of your team's Appraisers him/herself** to fill out the Appraiser Release Form located at:

https://registeryourteam.org/appraiser/147-25219

How it works:
- Share the link above with your Appraiser and have them fill out the form at their convenience.
- It will only take them a minute – they will **not** need to create an account or login.
- As soon as they submit the form, you will be able to see them on your team's registration. You will also be notified by e-mail.

Close

APPRAISER VOLUNTEER MUST COMPLETE THE LINK.

A Team Manager is not allowed to complete the appraiser volunteer sign-up on the appraiser's behalf.

Pull the link from the pop up and email it to the appraiser to fill out.

Appraiser Registration

You are registering as an Appraiser for [ ] **Tournament** taking place on [ ] representing [ ] eam from [ ])

Appraiser volunteers are trained to officiate this tournament. It's fun and rewarding, and requires no specific experience or expertise – but it does require a commitment of your time.
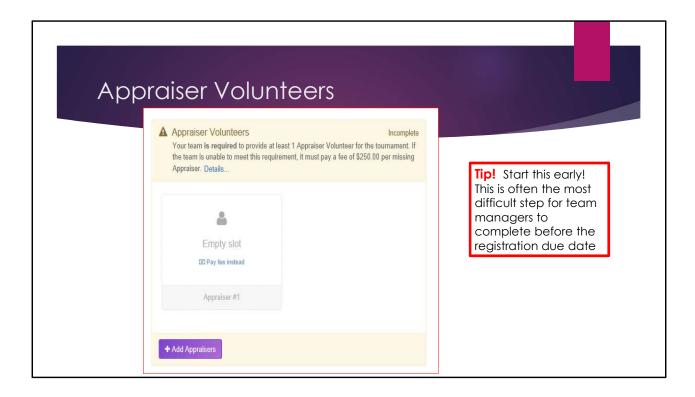

You must be 18 or older and be out of high school.

This is an all day commitment. Parent and grandparent volunteers will not be able to watch their child's performance.

Please understand that by filling out this form you are COMMITTED to attend the following two events:

The appraiser is committing to attend a training session as well as the tournament. If you have an appraiser that cannot make the training date, we might be able to make another option available to your appraiser such as attending training at a different region's training. Every appraiser MUST attend training including returning appraisers.

Team Manager Instant Challenges

Challenge: I can't find a volunteer

Recommendation:

Consider service organizations, college students, senior citizens, co-workers, neighbors, church, friends… Volunteering is a rewarding experience. Many of us were recruited as a volunteer and came back year after year.

Do not put in a 'temporary name'. We work hard to create an appraiser team that is balanced. Changes to volunteers impacts our planning. Any changes after the registration due date will result in a late fee being assessed.

In DI, team members are not the only ones solving instant challenges. Team manager's get instant challenges throughout the year. These are some common challenges team manager's experience around volunteers.

Team Manager Instant Challenges

Challenge: I have more than 1 person willing to volunteer
Recommendation: Great! Have both sign up. Please do not provide a volunteer and a back-up.   Multiple volunteers representing a team will not be assigned to the same volunteer activity.   We need many more volunteers than the teams provide.

Challenge: I have a volunteer but they are under 18 or are still in high school
Recommendation: We have a tremendous need for support volunteers and can use your volunteer that way. However, your volunteer appraiser MUST be at least 18 and be out of high school

In DI, team members are not the only ones solving instant challenges. Team manager's get instant challenges throughout the year. These are some common challenges team manager's experience around volunteers.

Support Volunteers

https://ryt.destinationimagination.org/supportvolunteer

Support Volunteers None are required for this tournament.

None are registered for this team.

Support Volunteer Registration

You are registering as an Support Volunteer for ▮▮▮▮▮▮
Tournament taking place on ▮▮▮▮ representing ▮▮▮▮ team from ▮▮▮▮)

It takes a small army to put on a successful tournament, and we can always use extra hands for things like set-up, registration, information, souvenir sales, additional participant activities, cleanup, etc.

If you're available for a few hours on ▮▮▮▮ to help, sign up. We'll get in touch to find out the best job for you.

This role differs from our Appraiser Volunteer role in that you do not need any training, and you are not committed to attending the entire tournament (we'll make sure you can see your child perform.) We can also use non-participating high school students.

Every year, volunteers ask if they can volunteer AND watch their child. Appraisers cannot do this because appraisers cannot appraise their own child. In addition, the challenge competitions are occurring concurrently so your appraiser will be busy appraising other children when their child is competing.

It is possible to volunteer as a support volunteer and still watch their child. However, a support volunteer does not meet the teams' requirement to provide an appraiser.

Appraisers must be 18 and out of high school. However support volunteers can be under 18. This is a great way to meet volunteer requirements for high schoolers!
